Akram Louati

IT Engineering Student

Ariana, Tunisia

Summary

My name is Akram, I am an IT student in Tunis, Tunisia. I am passionate about game and web development, 3D and 2D design, and artificial intelligence. These interests drive my academic and personal projects, as I continually seek to expand my knowledge and skills in these exciting fields.

Experience

Inetum
Full-stack Developer
July 2024 - Present (2 months)
Tunis, Tunisia

Inetum
UX/UI
July 2021 - July 2021 (1 month)
Tunis, Tunisia

As a UX/UI intern at Inetum, I've concentrated on user experience, mastering Adobe XD for interactive interfaces.

My Enterprise Design Thinking Practitioner certification from IBM helped me in strategic problem-solving, prioritizing user-centric solutions like empathy.

With a focus on research, prototyping, and collaboration, I deliver impactful designs that resonate with users and drive business success.

Education

Ecole Supérieure Privée d'Ingénierie et de Technologies - ESPRIT
